

SAIRA FAIZ

| Data Analyst |

Edmonton, AB • 780-680-7107 • sairafaiz.ay@gmail.com • github.com/Saira55 • linkedin.com/in/saira-faiz

PROFESSIONAL SUMMARY

MSc graduate in Mathematical and Statistical Sciences (Modelling, Data & Predictions) with experience in data analytics, statistical modelling, and reporting. Skilled in collecting, cleaning, analyzing, and interpreting data to generate actionable insights using SQL, Excel, Power BI, and statistical methods. Proficient in data preparation, exploratory analysis, and communicating analytical findings to technical and non-technical audiences. A detail-oriented analytical problem solver with strong critical thinking, collaboration, and communication skills, and a willingness to learn and adapt to new tools and technologies. Brings over 10 years of prior experience in financial and business performance analysis, providing strong domain knowledge and an understanding of organizational data needs.

CORE SKILLS

Data Analytics & Reporting: SQL querying, data cleaning, data validation, exploratory data analysis (EDA), Python (Pandas, NumPy), Google Sheets, Excel, reporting automation

Statistical Methods: Regression, classification, clustering, time-series forecasting, dimensionality reduction, feature selection, model evaluation

Data Visualization & Stakeholder Communication: Data visualization, Power BI, KPI dashboards, presenting analytical findings, requirements gathering, cross-functional collaboration, documentation, process handover

Business & Financial Analytics: Financial analysis, profitability analysis, cost allocation, business cases, variance & trend analysis, business performance analysis, revenue & cost drivers, operations reporting, regulatory reporting

PROFESSIONAL EXPERIENCE

Data Coordinator | Nunchi Health

Oct 2025 – May 2026

- Built and maintained KPI dashboards in Looker Studio, visualizing program impact, audience reach, demographics, engagement, mental-health outcomes, and revenue growth for the annual report and leadership decisions.
- Designed and maintained a centralized KPI database across outreach, fellowship, and marketing teams, coordinating with department leads to ensure complete, on-time quarterly and year-end reporting.
- Analyzed workshop and fellowship outcomes and surfaced trends in participation, membership, outreach growth, and fundraising and grant revenue, measuring KPI achievement and year-over-year change against annual goals.
- Redesigned the reimbursement policy and approval workflow and tracked expenses against budget using pivot analyses to support cost control and grant monitoring.

Online Data Analyst | TELUS Digital

Oct 2024 – Sep 2025

- Evaluated web-based data tasks for accuracy, relevance, completeness, and compliance with detailed project guidelines.
- Researched and cross-checked information across multiple sources to support data-quality and content-evaluation workflows.
- Applied consistent judgment and documentation discipline in a high-volume remote production environment.

Content Developer / ML Project Contributor | Alberta Machine Intelligence Institute (Amii)

Jul 2024 – Sep 2024

- Implemented PCA, t-SNE, and autoencoder workflows on a high-dimensional dataset of 20,000+ gene-expression features to support multiclass cancer-classification analysis.
- Built machine-learning workflows on genomic data to identify markers predictive of Alzheimer's disease, supporting early diagnosis research initiatives.

- Performed data preprocessing, feature selection, model comparison and evaluation, and end-to-end documentation of the modelling approach and conclusions.

Manager, Regulatory Reporting - Finance / Cost Department | Pakistan Telecommunication Company Limited (PTCL)

Feb 2015 – Aug 2022

- Led the segment-profitability costing-model project from implementation through to business-as-usual, coordinating consultants and internal technical, commercial, corporate, accounts, carrier, and wholesale teams.
- Maintained profitability reporting across 8 business streams and 60 services, allocating costs through 38 drivers to support product, segment, and regional performance analysis.
- Prepared executive presentations for CXOs and EVPs on cost-allocation methodology, assumptions, findings, and model governance.
- Supported technical, CAPEX, and business teams with business cases for DPLC, IP bandwidth, IPLC, DSL, and EVO services.
- Produced year-over-year variance and trend analysis across usage, bandwidth, customers, revenue, and product-wise operating expense.
- Analyzed BTS site profitability and flagged loss-making sites, contributing to closure recommendations for 57 sites and broader cost-optimization decisions.
- Prepared unit-cost, fuel/power cost, and service-cost studies to inform management, accounts, budget, and stakeholder decisions.

Assistant Manager, Finance | Pakistan Telecommunication Company Limited (PTCL)

Sep 2009 – Jan 2015

- Managed accounts-receivable reporting, ledger controls, collections analysis, adjustments, and monthly management reporting for the Islamabad/Rawalpindi region.
- Extracted data from CRM, billing, and e-reporting portals to analyze overdue receivables, payment adjustments, transfer collections, defaulter history, and customer-lifecycle trends.
- Allocated and monitored collection targets, reviewed team results, prepared bank reconciliations, and advised staff on billing, discount, adjustment, and customer-payment policies.

Management Training Officer | Pakistan Revenue Automation Pvt. Ltd.

Sep 2008 – Aug 2009

- Prepared monthly bank reconciliations, verified payment documentation, maintained accounting records, and supported salary-computation activities.

SELECTED PROJECTS

- **Sales Data Dashboard:** Performed exploratory data analysis (EDA) on retail transaction data and developed an end-to-end interactive Power BI dashboard to monitor sales performance, profitability, customer behavior, and regional trends.
- **SQL Project with HiCounselor:** Analyzed HR data for 17,417 employees using Python for preprocessing and SQL for analysis. Data was cleaned (removing duplicates and invalid values), exported as CSV, and loaded into a SQL database covering fields like department, region, education, gender, KPIs, and awards. Wrote 15 SQL queries to uncover insights on performance, training, retention, and workforce trends.
- **Microsoft Power Platform Automation:** Built end-to-end Power Automate flows for scheduled data capture, HTML reporting, SharePoint file monitoring, and approval-based workflows (leave requests, document approvals) with Outlook Calendar and email integration; designed a Model-Driven App centralizing real-estate listings in Dataverse with custom tables, forms, and subgrids; developed a Canvas App for facilitator record management with full create/edit/sort functionality integrated with Dataverse.
- **H1N1 Vaccine Response Prediction:** Built a binary logistic regression model on 20,000+ survey records to predict vaccine uptake, using chi-square tests, multicollinearity (VIF) checks, and outlier diagnostics via studentized residuals; achieved 85.8% classification accuracy and identified doctor's recommendation and vaccine-effectiveness perception as the strongest predictors. [\[link\]](#)

- **Credit Card Fraud Detection:** Compared Naïve Bayes, neural networks, XGBoost, and MCMC methods on Kaggle data to identify fraudulent transactions. [\[link\]](#)
- **Insurance Premium Prediction:** Compared Random Forest, XGBoost, ANN, and TensorFlow models to improve prediction of insurance premiums. [\[link\]](#)

EDUCATION

Master of Science, Mathematical and Statistical Sciences

Sep 2022 – Jun 2024

University of Alberta, Edmonton, AB • Specialization: Modelling, Data & Predictions • CGPA: 3.66/4.00

Master of Commerce, Cost and Management Accounting

Jan 2003 – May 2010

Institute of Cost and Management Accountants of Pakistan

Bachelor of Science, Mathematics and Statistics

Mar 2000 – Apr 2002

University of the Punjab, Pakistan

CERTIFICATIONS, MEMBERSHIPS & RECOGNITIONS

- Certifications: Chartered Financial Analyst (CFA) Level I, Project Management Professional (PMP)
- Memberships: Fellow Member, Institute of Cost and Management Accountants of Pakistan; Associate Member, Pakistan Institute of Public Finance Accountants
- Recognitions: PTCL Employee of the Month, Service Excellence Awards, PTCL Champions Awards, ICMA Excellence Award, Master Learner Award

SELECTED COURSES

- 15 Days of SQL: The Complete SQL Masterclass
- Microsoft Power BI-A Complete Data Analysis

VOLUNTEER EXPERIENCE

Sage Senior Association | Customer Service Reception

Dec 2025 - Present

- Document and write the “volunteer manual” to help new volunteers perform their tasks.
- Audit physical inventory counts and update master Excel spreadsheets

Bissell Centre | Receptionist

Feb 2026 - Jun 2026

- Monitored voicemail systems and handled incoming calls, providing information about available programs, eligibility criteria, walk-in hours, and required documents, or directing inquiries to the relevant department.
- Provided community referrals, guiding appropriate department to alternative external resources and organizations when specific programs were not offered by the Bissell Centre.

Tea Time Talk | University of Alberta

Jul 2024 - Sep 2024

- Collaborated with professors and students to schedule presentations, collect topics and summaries, distribute event communications to attendees, and record attendance.
- Coordinated event logistics, including booking conference rooms and arranging refreshments for workshops and special events.
